## Our Own Stories

### Eskimo Sadness

In the chilly Northern regions of neverland, the only **Icelandic radio station** specialising in **Country Music** has gone off the air.

Is it because the igloos have poor radio reception?

Or is it because the Escimo population doesn't fully appreciate good music?

It sure is sad to hear that our **North Pole neighbours** are not able to share in the enjoyment, the **happy line dancing steps** and the festive atmosphere as experienced at **Gawler Country Music Club**.

However, dancing on ice is maybe an activity verging on the slippery slopes of disaster.

Those fishing **holes in the ice** are an absolute nuisance. When **Line Dancers** disappear from view, it can take hours to find them.

**Yes!.....** living here in our neck of the woods in **South Australia** does have its advantages.

With country music in Australia growing in popularity, we **may** have an influx of **Eskimo migrants**.

....The **Ugg Boot** manufacturers will be clapping their hands like seals at the local circus.

**Volunteers Required**  
**We are in urgent need of several volunteers to help out at Speedway City with car parking duties and fundraising. Would everyone please rush to Keith Warren to volunteer. Tel:8255 8920**

## Ma's Country Kitchen

**Ma** was listening to **Sarah Tomlinson** on **Country Café, Radio 101.5 (Sunday morning 6am to 8am)** and she was impressed by the show and in particular **Sarah's** interview with **James Maiden** on a **New Cook Book** released this month to raise funds for a good cause.

## Sunny Side Up

Unfortunately missing out on **Golden Guitar Awards** this year at **Tamworth**; the **Sunny Cowgirls, Sophie and Celeste** accepted defeat with genuine modesty and still displaying their cheery, sunny personalities.

Australians love a good yarn and **The Sunny Cowgirls** are supreme storytellers.

The music and song-writing by **Sophie and Celeste Clabburn** have struck a chord not just with country music fans but with **Aussies** all over.

**The Sunny Cowgirls'** songs are authentic stories of outback life and hard work, coupled with the universal themes of longing for romance and keeping their beloved **Ute** on the road.

Their song **Six Pack Short** is a song not about **abdominal muscles (what are they?)** but a reference to being "**a six pack short of a carton**". **Yep! Know what that is!**

**Celeste and Sophie** aged 19 and 24 received their first **Golden Guitar nomination** in the **2007 Country Music Awards of Australia**.

This is quite an achievement in itself and signs are that the **Sunny Cowgirls** are heading to the top.

"It is such an honour to be among our icons here," **Sophie** said.
