Back Home Again!

Club members **Kathy** and **Bill Armstrong** have both made a great contribution to **Gawler Country Music Club**.

They are about to leave **South Australia** to set up home in **New Zealand** from whence they came.

On behalf of Gawler Country Music Club... We wish you **'All the best!'** and hope you have success and happiness wherever you may go and in whatever you do. We will miss you both!

Farewell Country Music Lovers

We'll soon be on our way across the Tasman sea.

There is just the three
of us, Kathy, Little
Dog Missy and me.

We really love it
here, here in
Adelaide.

But family is calling,
and we are Kiwi
made.

We'll miss the many friends we've made while at the club.

We have lots and lots of friends even at the pub.

I have said this many times before country music is our thing.

We have a list of favourites; we love to hear them sing.

No doubt we'll join another club when we get over there.

We will tell them of this club and how you really care.

It won't be very long till we are on our way.

We hope to go in April but we don't know the day.

The **Gawler Country Music Club** is a great club to belong.

A great place to come and listen to a country song.

When we settle down in our home across the pond.

We will remember all you guys with memories so fond.

May the good Lord shower this club

with blessings rich and true.

So keep the country coming no matter what you do.

Kathy, Bill and Missy Dog wish you all God speed.

When you cross the ditch sometime you'll find us there indeed.

Bill and Kathy

'Parle Vous Kiwi'

Milburn capital of Victoria
Peck..... to fill a suitcase
Pigs for hanging out washing
Pug ... pink animal with a curly tail
Munner stroney..... soup
Min male of the species

Ear..... mix of nitrogen and oxygen
Amejen visualise
Bug hut popular recording
Beard a place to sleep
Sucks Peck..... Half a dozen beers
Cuds..... children
Pits domestic animals
Munce usually served on toast

Ma's Country Kitchen

The recent hot
weather probably
had you opening
the fridge more
often than usual.

For something to
cool you down
here is a quick
and simple way to

make tasty **Homemade Ice Cream**.

You need:

500ml milk

4 eggs

1 cup sugar

vanilla essence

250ml cream

You can also add your choice of flavouring

Method:

Whip together the eggs and sugar before
stirring in the milk.

Place this mixture in the microwave and
cook for one minute. Then remove and stir.
Repeat this three or four times, or until the
mixture appears quite thick.

Once cooked, place the mixture in the fridge
to cool.

Gradually fold in the cream. You can also
add other flavours by mixing in anything
from chocolate syrup to puréed mango,
whatever you desire.

Place the completed mixture in the
freezer...but don't eat it yet. Hans
recommends breaking up the frozen mixture
and stirring a couple of times to ensure a
good consistency.

The Story of Tamworth

(continued from May)

The Golden Guitar

The creation of a highly successful **Visual Awards Symbol** or brand, the **Golden Guitar**, provided a powerful public identity for the event from the start.

Tex Morton established the identity of **Australasian Country music** in 1932.

Very deliberately from the mid **1970s** through to the mid **'80s**, **BAL Marketing** (a division of **Radio 2TM**) launched numerous initiatives to augment the Awards.

Most of these have become the back-bone of today's Festival. These included

- ◆ **The Country Music Capital News newspaper and Festival Guide (1975),**
 - ◆ **Roll of Renown (1976),**
 - ◆ **Hands of Fame (1977),**
 - ◆ **The Tamworth Songwriters Association (1978)**
 - ◆ **National Bluegrass Championships (Banjo, Fiddle and Flat Pick Guitar) (1979),**
 - ◆ **Star Maker Quest (1979),**
 - ◆ **2TM Country Muster live monthly radio show (1980),**
 - ◆ **the Cavalcade (1980),**
 - ◆ **the Rodeo (1982)**
- And Industry Seminars.**

Other major innovations during this time were the many **2TM** organised concerts – **"Buttercup"** Open House, free **"Mr Juicy"** (now Coca Cola) shows in **Hands of Fame Park**, the **Buskers in Peel Street**, the **Last Roundup** and, when the big venues were operating, major shows like **The Trailblazers** and the **Volvo Spectacular** under **"the big top"** and in **"the music factory"** regularly attracting audiences of over 4,000.

Through all this time, the **CCMA Talent Quest** continued as a major feature of the program, helping to launch many young artists (like **Keith Urban**) in their careers.

**To be continued in next month's
Gawler Country Music Club's Newsletter.**
