Ma's Country Kitchen

Cheese Twists

Ma has been providing a few tips to her **Grand-daughter Chelsea**.

With supervision your grand-kids could have your mouths watering.... and the whole family shouting.... 'More, more, more...'

It's really easy. My Papa just loves 'em!

INGREDIENTS:

2 Sheets frozen puff pastry
3 tablespoons tomato sauce
1 cup grated tasty cheese

PREPARATION:

Defrost pastry, turn on oven to 220c and grease oven tray.
Spread pastry sheets out, using pastry brush.
Spread tomato sauce over one sheet of pastry.
Sprinkle cheese on the top the tomato sauce.
Place the other pastry sheet on top. Press pastry sheets together, by rolling with a rolling pin.
Pour a little milk into a saucer, and brush over the top of the pastry.

Cut into sixteen strips, and then cut each strip in half, so you have a total of thirty- two strips.
Twist each piece several times to make a twisty shape and place in oven for 10-15 mins until golden brown. Leave to cool for 10 mins then serve.

Hands off Papa!
