

That Woz the Day That Woz!

17th January 2010

SONNI & Country Mile attracted a good crowd. The guys starting off with **Working Man, California Blue, Silver Threads & Golden Needles**. **Sonni** then joined the line-up to sing some good old standards including **Cheatin Heart and Paper Roses**.

David Pearce and Trevor Philbey proved to be a winning combination. **Old Cowboys Never Say Goodbye, Blue Eyes Crying In The Rain, Branded Man...** and they sure did....Do What You Do Do Well...Well!

Walk ups Roger and Linda added a sparkle to the event and we will surely be seeing them again soon.

Our caterers **Scottie & Sharon** were taking a break and five of our Club Members saved the day.

Thanks **Heather & Les Kerber, Tania & Geoff Mattner, Tina Chapman, Carlene Oliver and Kevin Vardon**.

Your good teamwork provided everyone with good food, efficient service and many satisfied bellies.

Coming together is a beginning. Keeping together is progress. Working well together is success.

Continued from front page...

Their music has been described as 'a tapestry of rock, pop and **country**, with a hint of folk.' Imagine The Corrs, Fleetwood Mac and The Dixie Chicks with a unique Australian edge.

The four friends met whilst studying at Music College; however it wasn't until a few years later that they began writing and recording their own music and **Jetty Road** was born.

Released in April 2009 through **Compass Bros, Life At A Million Miles** is the third album by the Victorian 4 piece. Their previous albums, **Full Circle** released in 2005 and **Dirt Roads City Lights** released in 2007 saw the band attracting the attention of the **country music** industry, both locally and internationally.

After releasing their debut single **Run To You** in 2005, the band has had seven tracks in the Top 20 on Australian radio. **Heart And Soul, Real Smooth Cowboy, I Wanna Go Home, City Lights** and most recently **Good Times**, which sat in the #2 position for four weeks, and the smash hit Million Miles; it rocketed to #1 position and remained there for six consecutive weeks. Million Miles (2009) reaching the coveted #1 position on the CMC (Country Music Channel) chart.

Since 2008, Jetty Road has been creating a buzz for itself in North America – playing main stage at the biggest country festivals on the continent. June 2008 saw Jetty Road performing on main stage at Dauphin Countryfest in Canada. To date, **Keith Urban and Jetty Road** are the only Australian acts to ever perform at the festival.

In 2009, Jetty Road shared stages with **Taylor Swift, Kenny Chesney, Brooks & Dunn and Tim McGraw** at WE Fest in the USA, Merritt Mountain Music Festival and Big Valley Jamboree in Canada. Further more, the band has performed in Nashville at the prestigious Aristo Media Global Artist Showcase during the annual CMA Music Festival and were the first **country music artists** to perform at the Hard Rock Café in Paris whilst on tour throughout France and the United Kingdom.

Most recently **Jetty Road** dominated at the 2009 Australian Independent Country Music Awards by winning Australian Independent Group/Duo of the Year, Australian Independent Album of the Year and Australian Independent Artist of the Year.

As **Jetty Road** continue with their whirlwind of success **Gawler Country Music Club** wish to express our appreciates for the support and encouragement they give to young up and coming **Country Music** artists.
